Issue Date: 10-15-2026

Effective Date: 10-15-2026

Description/Title:

Improvements to DPF-300

Comments:

As part of our ongoing product improvement efforts, we have improved the DPF-300 design to include 4 new features since its introduction more than six years ago (See PB450).

As a result, the part number will change from DPF-300-E to DPF-300-EVO once the existing supply is depleted, and the old part number will be discontinued.

The improved DPF-300-EVO now features 4 height-adjustable legs, two forward-facing handles for easier positioning, a revised milling head shape that allows milling tabs with high-profile components near the routed edge of the PCB, and 4 threaded mounting locations for optional shelving on the left and right sides of the unit.

Part No:

DPF-300-EVO

Specification:

Height	Fixed 95cm to adjustable 90/100/110cm
Power	1 kW -> 1.2 kW
Amperage	17A -> 13A

All other specifications are unchanged.

For more information please visit www.HakkoUSA.com or call 1-800-88-HAKKO (42556)

Accessories (New):

Part No.	Description
DPF-CR-021	Optional Shelf

Contents (Changed):

Part No.	Description
DPF-21906	Threaded Handle (2 pcs included)
