PRODUCT BULLETIN

Bulletin No: PB515

Issue Date: 2-10-2026

Effective Date: 2-10-2026

Description/Title:

Discontinuation of G2 Series and G2-A Series blades for the HAKKO FT-801 Thermal Wire Stripper.

Comments:

The HAKKO FT-801 Thermal Wire Stripper was discontinued 4-1-2019 (Reference PB431) and replaced by the HAKKO FT-802 Thermal Wire Stripper (Reference PB432 and PB433). The replacement blades used by the HAKKO FT-801 were the G2 Series, and on 4-11-2016, a new G2-A Series was released to improve the blade alignment. It has been more than 5 years since the FT-801 was discontinued, and the product has reached its end of Service Life. The replacement blades are officially discontinued, effective 2-10-2026, or upon exhaustion of our remaining supply.

The replacement blades for the FT-802 are not compatible with the HAKKO FT-801.

Part No:

G2-1601, G2-1602, G2-1603, G2-A1601, G2-A1602, G2-A1603
