PRODUCT BULLETIN

Bulletin No: PB527

Issue Date: 8-21-2026

Effective Date: 8-21-2026

Description/Title:

Improved Plug End for ATX Cables

Comments:

The plug end of the ATX cable that connects to the driver has been improved for greater durability and to make it more resistant to loosening from vibration.

As a result of this product improvement, part number AT-2W2140 will transition to the new part number of ATX-2W2140-1. The cables are interchangeable, as all other specifications remain unchanged. This change coincides with the housing improvement for the ATX Series Drivers (Ref PB523).

As we cycle through our inventory, part number AT-2W2140 will be discontinued once the supply is depleted.

Part No:

Old Design: AT-2W2140

New Design: ATX-2W2140-1

Specification:

Shape of the threaded coupling has changed; All other specifications remain unchanged.
